

Have you ever drawn a snowman before? If you haven't I will guide you step by step to make the best one ever. Making a snow man is fun to do whether it's in real life or just on a piece of paper.

The top of my snowman has one small circle as a head that is white and small. On the head is a nose. It's orange and in the shape of a triangle. It has two small black dots as eyes and one line in the shape of a smiley face. On top of its head he has a top hat that's black with a red stripe on the brim.

My snowman's middle is white and is a bit bigger than the top one. Sticking out from its sides are arms. They are brown and have three fingers. There are three black dots ...

on my snowman's middle. The next dot gets a bit bigger than the one before it.

My bottom circle is white and is the biggest one of all. There is nothing on it. The background color is a dark navy blue close to black.

Now you know how to make in my opinion the best snowman ever. I hope you enjoyed making this because I sure did.
